

Invitation letter

January 16, 2017

To whom it may concern,

It is my great pleasure to invite Professor Wenjing Tian at State Key Lab of Supramolecular Structure and Materials, Jilin University, China to visit us at Dept. of Physics, Chemistry and Biology (IFM), Linköping University, Sweden during 12-15 March, 2017.

I am a professor at Linköping University. I knew Prof. Tian and collaborated with her for many years. Both of us are working on organic electronics. I co-supervised her PhD student (Yinhua Zhou) from 2007-2008 and we had several co-publications. Currently, her former PhD student (Zaifang Li) is my postdoc fellow. I will be very happy to host Prof. Tian's visiting to Linköping University and invite her to deliver a seminar on her recently research achievements. During her visiting, we will also discuss the possibility to further collaborate in the future.

The expense of her visit to Sweden will be financed by her own funding.

With my best regards,

Fengling Zhang

Professor
